Callout 1: In the sample I sent I had blue, but I think text should be gray for consistency

Callout 2: This is updown list, so I think you need up/down scroll, so this would be not needed

Callout 3: Clicking calendar view would I assume replace the middle section (grid) with calendar?)

Callout 4: Up/down scroll, understand at some point the list may be very long but for the moment lets go up/down scroll

Callout 5: Not sure where this came from, not needed

Scroll left should only show if you have scrolled right. Scroll right would only show if more than 6 friends

This looks like new functionality. Not sure we need it currently, but lets leave it in for the moment. My assumption is that if you click on it, it would give you a text box where you can key in a name and it would navigate to that picture?

Lets stick to single scroll

Paul Derda Rec Center ★★★★★

Recently built facility and probably the best pool around. 3 indoor slides, a lazy river and a lap pool. They have extensive free weights as well as fixed gym equipment. A favorite of mine is the kids play area. If you are a yearly member then you can leave the kids for free while you exercise. Would be even better if they had a sauna and steam room as Westminster Rec Center has

Flatirons Mall ★★★★★

One of the largest malls in Colorado, with Nordstrom, Macy and Dicks Sports Goods flagship stores. This is a classic indoor mall with outlying village area featuring boutique stores, PF Chang's and a movie theater. They have several areas designated for the kids, a winter ice rink and a summer skate park. Good location and easy access.

Garden Of the Gods ★★★★★

A great place to bring visitors year round. Home of the kissing camels, the balance rock and some of the reddest rocks around. Plenty of other attractions in the area including cave of the winds and Cheyenne mountain zoo.

Copper Mountain Ski Resort ★★★★★

Great skiing at a fantastic price if you get the four-pack. All levels of from beginner to double black and the restaurant prices are not excessive. My favorite green run is Coppertone

Rocky Mountain National Park ★★★★★

We camp here every year as the kids really enjoy hiking the trails and seeing all the animals.

Review

I only visited the swimming pool area with my oldest son. He loved the lazy river and the lap pool but really wanted to try the slides. He wanted to go down the slide without me and when he got to the top they wouldn't let him go on his own as he wasn't tall enough !!

*** Insider tip *** We found out that if you can swim and can pass the swim test given by the guards you get your name in the book, a special wristband and can then ride the slides

Update 06 September 2012

I have been riding the expresso bike for the last three months, and I am finally number 1 on all the courses. This is one of the best ways to get fit and compete against others and only Paul Derda has this type of equipment in the Denver area
